

# Godless Freya Invocation

Chant this out loud, divine woman

I invoke Freya, the bold, fearless, Goddess.

I open my heart and arms to receive the alchemical frequencies:

- To go for what I truly desire with courage
- To say NO to what or who no longer serves me and weighs me down
- To embody and enjoy my lush feminine sexuality
- To radiate golden light and feel my confidence blooming
- To love and cherish my divine body

## Witness my Vow, Goddess Freya

- All struggle and self-sacrifice is now over
- All issues of self-perfectionism, procrastination and self-protection are now over
- All issues of waiting to be rescued are now over
- All issues of giving away my power are now over

# See Me Sister

- I am courageous
- I am adventurous
- I am sexy
- I am bold
- I am passionate
- I am grateful
- I am deliciously bountiful
- I am generous
- I am free
- I am sacred
- I am divine

I am one with Freya.
