

Who is Kuan Yin?

Kuan Yin Is known as a Bodhisattva, a being who has dedicated her spiritual path to the freedom and happiness of all beings. Kuan Yin is a face of the divine mother, she has various facets and in all her faces she loves you unconditionally and is dedicated to your spiritual enlightenment and freedom. She sees you, she knows you, and wants to help you fulfill your divine purpose and destiny.

The face of the nurturing mother, Kuan Yin offers these qualities:

- Compassion
- Grace
- Mercy
- Unconditional Acceptance

The face of the wild rebellious mother Kuan Yin offers these qualities:

- Wild courage (the wildness Is instinctual)
- Rebellion to break free from conditioning and status quo
- She will open you to life in unusual ways
- Creating and daring
- Open to taking chances

The 3 Tools of Kuan Yin:

- Sword
- Shield
- Courageous Action

Sword

Call upon Kuan Yin's sword to cut away all illusions, fears, and energies to the past. Ask her to use her sword to clear the pathway for you for your highest and greatest good. Ask this special sword to give you the strength and courage to take action. It's filled with her potent energy. When you call upon her and her sword, she will place it in your hands or straight through the crown of your chakra and down your central channel and into the earth. As she does this, your chakras will align and ground your soul's purpose from your soul star chakra deep into the earth star chakra. This is extremely powerful.

Shield

Kuan Yin's shield is a device to keep you focused, moving forward, and contain your sovereign power and energy (no energy leaks). Ask her to infuse your shield with the magnetic qualities that you claimed in class, such as trust, faith, flow, divine purpose, divine action, and humor. Allow the shield to be created in whatever shape, size, thickness, and color that Kuan Yin and your soul agree upon. Be prepared for it to shape shift often as you grow mighty each day.

Courageous Action- Mantras

Use Kuan Yin infused mantras or your own version throughout the day. As you speak them into existence, feel what they feel like in your body. Which chakra do they resonate the deepest in? This is the chakra that is being activated, so really envision from that chakra taking the courageous action, envision yourself breaking free, envision yourself trusting, letting go and being in the divine flow. Use your living vision daily to magnetically draw in your beloved and the big bold desires that you have claimed for yourself.

Freya is requesting that you sing her song daily. It's imbued with courage, power and passion. Using your voice and sound frequency is very powerful. It literally bypasses your mental mind and silences fear, worry and resistance. It elevates your frequency fast. Enjoying the sound of your voice is a big key to owning your power.
